“ MeMe was such a special person with a heart of gold. She brought joy and fond memories that will go on for years to so many people. We were no exception. We often laugh and tell our stories of MeMe that go back 20 + years, smiling when we think of her and will until we see her again. Everyone was blessed by the many years she was with us. Thank you Debbie for sharing our MeMe

Wishing all her family blessings and peace.

Love,

Gary, Barbara Irwin and family.

“ Dear Green Family,
Our lives and our children's lives were made so much better because MeMe was a part of it. Anna, Will and Luke have such wonderful memories of the years they got to spend with her. She was always so willing to help us even at 83 when the twins were born. She would come to our house and knew just how to help us the most without even telling her. She made our days easier and definitely filled them with love and laughter! We will always consider her one of our biggest blessings and a true angel to our family. Thank you for sharing your special MeMe with us—we loved her like our very own!
Prayers and love,
Coby and Sandie Rod

“ Helen and I solved many of the world's problems (well, she rarely took my advice, but she made it sound like a mutual decision) at the aquatic center in the mornings. We always got there early, and sat in her car waiting for the pool to open. I knew so many of her secrets, but she never kept her love for her family a secret. You were blessed to have had her for all these years. And I was blessed to have her for a friend. God bless. Wanda Rapp

“ Dear Green Family,

Thank you for the gift of MeMe Green, and thank you for sharing her with us. I am sure she missed even some of her own family activities just so that she could care for the many children she so lovingly babysit for. We are so thankful that she helped us with our three daughters. The girls were always so anxious to have her babysit them because she played with them, read to them, and most of all loved them. Now that two of our daughters have children of their own, they have come to see how difficult it is to find that "special someone" that you can totally entrust your children to. We were one of the lucky families to have had that "special someone"! We all have many fond memories of MeMe that we will cherish forever---especially that contagious laugh!!

God bless her,
Bonnie and Ronny Collins

“ Your mom & your family have been part of my life as well as my family's for almost 54 years. You were like my second family. Your mom could light up a room with her smile & she had the biggest heart. She raised lots of other family's kids but we were the first. I can think of so many stories that we shared as a "family" as Meme spent so time with us . She will be greatly missed & I'll miss my bi-weekly visits to catch up on what's going on with her life. I am so grateful to you for sharing her with all of us. She's probably rounding up the children in heaven to take care of as we speak. They will be truly blessed to have her as their caretaker as we once were. She will be missed by many as she was loved by all
