“ *My daddy was my strength and my everything. He showed me so much love and taught me how to respect others and love one another and most importantly he taught me how to have a relationship with Jesus. He was our guide and is going to be deeply missed by our family. My daddy gave me a nickname when I was little, he always called me his Sheshae..... I want to thank everyone for your love , thoughts, prayers, flowers, and condolences during this difficult time for me and my family.*

“ My fondest memory of Dad was his love of the Oilfields and his Bible. Before and after I married his beautiful daughter Renee, he would always say "let's go!".. "gonna check the wells". Never forget this one of many rides was to a gas compressor station that had shut itself down somewhere in the Louise fields. As I was standing beside him while he was fidgeting and turning a large pulley like wheel to restart the huge single piston natural gas compressor engine with a fairly large muffler sticking up into the sky. Unbeknownst to me it let out a THUNDEROUS BOOM-LIKE BACKFIRE I have ever heard and FELT in my life. Found myself ducking behind his pickup truck leaving my shoes where I was standing beside him. Dad did NOT move an inch after that but he was dying laughing at me for which I didn't find that funny but now it is funny. Really enjoyed riding with him around listening to his oilfield and verses from the Bible. I'm blessed that I married his daughter Renee and her wonderful families. Thank you Dad for giving me your fatherly love and memories.

“ I can remember when my wife and I moved to Louise. We were blessed with the best neighbors Mr and Mrs Roome. My best memory's of Mr Roome was when I built my gardens everytime I would go get a load of dirt and come back he would have it leveled all ready. I told him not be working that hard his reply was kid you can't do all that by yourself. So I told him we were share croppers he just laughed. He was always looking out for us and helping my wife when I was out of town working. It flooded one time he called and said kid your about to get water in your house I'm on the Way Mr Sonny no kid me and Lawrence will stop it keep them wells flowing that's your job. Mr Sonny always told me keep that bible close kid don't give up. Never was there not a project in front of his shop. He was awesome man y'all are in our prays.
