“ My father, Dr. W.D. Presley, always spoke so highly of Zalman-- that's what he called her. They had many wonderful experiences together delivering lots of babies at Nightengale Hospital. With sympathy, Lynn

“ As a child, I spent a lot of time with Ann and my Grandma (her sister) Lily Crowell. I remember that Ann always had a smile on her face. always. She laughed a lot and, looking back, her and my grandma seemed to be happiest when they were together. Thanks to Ann, my grandma was able to come visit us more often because Ann would drive (my grandma never got her liscense.) Ann was one of the kindest, gentlest and sweetest souls I've ever met. There was always a twinkle in her eye that seemed a little magical to me as a child... I guess that twinkle was one of the things that helped her live such a long, fulfilling life!

“ My favorite part of childhood was my annual summertime visit to El Campo for a week with Aunt Ann and family. She made every day fun particularly with special ice cream to cool the summer heat.

She and my mom (her sister, Lily) were very close. I am sure they are sharing family stories over a fun card game right now in Heaven.

God Bless them both.

“ *Ann Zalman (Nana) was the most loving and caring grandmother a girl could wish for. The world lost one of the most amazing women in the world yesterday. She spent her life delivering children into this world and caring for everyone around her. She touched so many lives that I can only hope and pray she realized just what a special woman she was. She left an impression on my life and in my heart, and her memory will live on forever. I can only hope to be half the woman she was. Rest in Peace my beautiful Nana. You will no longer feel alone again because I know you are wrapped in the arms of my father, your daughter, and your siblings. I love you.*
