“ *Russell and I went to St. Philips School together and my family would like to offer our condolences to the Boone family. There is a memory I would like to leave and my family has never forgotten this. One time when our mother was traveling to Wharton she had a flat and Mr. Boone turned around on Highway 59 and changed my mother's tire. She offered him some money for him helping her. He refused the money but told my mother that if his mother or wife had a flat or needed help, he would hope someone would stop and help them. So, I guess he was who started the act of "paying it forward". May you all be comforted at this difficult time.*

“ *I have many wonderful memories of working with Carl and riding our motorcycles together throughout the countryside, often switching bikes. He was so generous and always willing to help out. Truly one of the finest people I've ever had the pleasure of knowing.*
