“Pawpaw It's taken awhile for it to hit me that you are gone. I wish I had told you and maw how much I love y'all more often. You guys saved me more than you'll ever know. Y'all gave me a peaceful place to live at a time I was at my worst and hated everything and everyone. I sometimes wonder how things would be if I never moved in that house when I was 12 and I honestly believe I would not be alive today. People may think I'm bad now but they don't even have a clue of what could of been. I am very grateful I got to see what being happy and loving someone is like close up it saved me from being bitter and angry the rest of my life. Your the best man I know and I will love and miss you always.

Klay King

I want you to know I will never forget yours and my last conversation and I promise I ment It then and mean it now. I will make you proud. I know that you will be watching so I hope you got a front row seat because it will be entertaining that's for sure. See you later

“ *Delcer was one of my best friends in high school. He was my go to person when life handed me lemons. He would take me for a walk through the woods behind his house and let me cry my heart out. After a visit with him, I always felt renewed and refreshed. He was a good friend during a hard growing up time. I know he will be missed.*

“ *Rode the School Bus with Delcer and sister Clois at Buffalo. He always had a smile, seemed to be always happy. My family moved to Livingston Texas in 1951-last I remember seeing Delcer. Reading the comments of others, I 'm proud we were Leon County folks-that he has led a life that he was loved and respected by those around him. To his Wife< Children and Grandchildren and Family-You have not lost him. He will always be there in your hearts and minds as long as you live. May God be With You all. Robert Durant*

“ I think often of my friend Delcer. We both moved away from Buffalo after graduation, but we started and finished school together and I have many memories of him.

On the first day of school in first grade most of us were shy, but Delcer volunteered to go to the front of the room to share. He stood very straight and threw out his chest, he said "my name is Delcer Dean King but my friends call me Buddy". He stood there like he was 10 feet tall and sang at the top of his voice, a popular Gene Autry song, with a phrase in it something like "Tweedel de dee _____. I don't remember the name of the song but I do remember that I thought he was he was the bravest, most confident boy I knew.

He was outstanding in everything he did and a good friend to me all through school. I have not seen him in years but I spoke to him a few years ago.

I am sad to hear he has passed on.

To his family we offer our condolences and prayers for this great loss you are experiencing.

Kindest Regards,

“ Dad,

I will miss your smile everytime I walked into your sight. I love that you supported me in anything that I wanted to do. I will try to be like you, and if I can come even half as close then my kids will be very lucky indeed.

So many memories...too many to list.

I will see you soon.

Love,

Kevin

“ *I remember Delcer as being a devoted, loving, family man. There was nothing in the world more important than his family. Whatever they wanted to do, he made sure it got done. Family came first. Delcer was also very easy to talk too. I remember hours and hours of conversations that we had at their kitchen table. He always had time for his family. I remember many nights him coming home exhausted after working all day, greeting everyone and then sitting down to be entertained by his grand kids. He would laugh and clown right along with them, even though he would have rather been watching TV and relaxing; he never showed it. He never would have hurt their feelings.*

Delcer was a very caring man with a big heart and a big smile. My heart breaks for Renda and her family.

Keeping you all in my prayers.
