“ *I will always remember the precious times that I had with my grandmother. She would always play concentration with me, bake with me, make fresh ground meat with me, take me bowling, and take me to bingo. I always had so much fun with her. She always made me feel special and loved. She was the best grandmother you could ever have! She was also the best great grandmother you could ever ask for!!! She loved her great grand kids with all her heart and would do anything for them. I love her so much and I will miss her everyday, but I know that she will be watching over us everyday from heaven.*
