

James Sralla

August 29, 1973 - April 2, 2020

James Hansen Sralla, 46, passed away on April 2, 2020, due to complications related to liver failure. He was born in Houston on August 29, 1973. Jamie, as he was known, operated The Resale Barn in El Campo with his parents.

Jamie was an avid skateboarder and music lover, attending hundreds, if not thousands, of concerts and playing multiple instruments himself, including drums, guitar, piano, and trumpet. In his twenties, he started his own recording studio, Static House, and recorded and mixed albums for many bands over the following decades. He was known in the Houston music community as a talented audio engineer, live soundman, and occasional road manager, but also as a kind, quiet guy with a sense of humor.

He is survived by his parents James and Jeanne Sralla of Danevang, Texas, his sister Joni Sralla Miller of Annapolis, Maryland, and her husband Rick and their children Chloe and James.

Due to these uncertain times, a celebration of his life will be held at a later date.

“ I met Jamie on Facebook a few years ago. We shared a love for music. When I got married in 2012, he gave me a \$25 gift credit at the store. I was unable to go myself, but my ex-husband went & told me he was a cool guy & how much fun he had going around the store & hearing about some item backgrounds (there was a wig there that was from a famous actor or something like that) I thought it was so giving & kind to do that for someone he'd never met in person. (I was unable to go due to an illness & I regret it now.) We had a lot in common. I'm just finding out about this because my Facebook page had issues. I'm sorry for your loss & just wanted to say how awesome I think he was; he is.

“ *Jamie was a quiet cousin. But when he came to El Campo to live as adult he was really funny to talk with he always had a story to tell me. I really miss him and his music!! He's healed now in Heaven with Grandparents Hansen's , Sralla's, Uncle Joe, Jerry and Steven. Love you!!*
