“ *Sending condolences to the family. My deepest sympathy goes out to all of you. I will always remember your "smile" and happy face every time you walked into the office. You would enter the office and always were respectful and showed such excitement whenever you were going to purchase something for your Mother. I remember the day that you came into the office, and were so excited because you had a few days off; and you told me that you were going to take your sister, Cristal, to get her a car...it touched my heart, to see such a young man "helping" out his family...I will always remember that smile that was on your face that day; (its' s the same smile that is posted on this picture.) I only knew you through the office; however I could see that you loved your family very much and would do everything possible to help them. I know that you surely will be missed.*

*God bless,
Delia A.*
