Trent and Jerral,

Gina and I are saddened to hear of June's passing and express our deepest sympathies to you. I'm just now (Aug 10) finding the obituary, so I hope you get this message.

June and Reed treated me like family the summer of '77 when I worked for Reed. June fed me delicious meals after long days of checking fields that really hit the spot!

June's parents and Gina's parents knew each other long before I met Gina and it was neat having that connection. I remember June as a hard working, loving woman and she and Reed will be most fondly remembered.
