“ I was thinking of our school days. Elementary at Western Heights comes to mind. I'll never forget when you chipped your tooth. I felt so bad for you. You always had beautiful long hair and pretty eyes. You were a sweet and kind friend to me all through school. My prayers are with your family in the coming days. I pray Gods strength and courage uplifts and fills them. Rest in Gods perfect peace sweet friend. Until we meet again... you will be remembered and missed.

“ Karen was a great friend. We grew up together. She always had a smile, was devoted to family and friends. I always thought of her like Laura Ingalls with her beautiful long braided hair. She will be truly missed.

“ I met Karen years ago at Baytown nursing home. They took me on like I was family. We love you like family argued like family. Karen was such a strong woman hard headed and loved even harder. Her family was the most important thing to her and I was so lucky to have her in my life. I had the pleasure of visiting her in the hospital I spent a good deal of time with her that day. I will miss her. She was taken way too soon. I love you Karen

“ *My Nanny was my first best friend, my partner in crime, my rock. Anytime I needed someone she was my person. This woman would do anything for her babies and taught us so many lessons. The most important one is that family is first and she showed that through the constant and ever lasting love she had for her sister. That bond I have watched for over 30 years and it has made my cousins, sister, and I understand how important we all are to each other. There will never ever be another person like my Nanny and she will live on through us all.*
