“ *I just heard about Morris passing, Both Bobbie and myself are so sorry.*

I have known Morris since the very early 70's Worked with him several different times but was always a friend. I regret I didn't call him more often, but life gets in the way sometimes. Our last adventure together was in Baku in 2000.

Morris was always a first class guy, and as Joe said never talked bad about anyone,

He will be missed by all that new Him.

But he is in a better place now looking down on all of us.

“ *I am honored and blessed to have spent many years with a good friend. I cannot ever remember Morris having a bad day in the crane business. He always would take a bad situation and make something positive out of it. My knowledge and wisdom that he taught me about my crane career will never be forgotten. I am sure there are a lot of young men out there that wish they had a teacher like Morris. I will miss him and I cant say enough in words the respect I have for a great man and true friend in life. Thank you for taking the time to be my fiend and mentor in life Mister.*

Kind Regards

“ *In my lifetime I cannot remember Morris ever saying a disparaging word about anyone.
Morris enjoyed life and enjoyed being around people. He loved his families very much and would give of himself for them. He filled several roles in my life and I will miss him very much. Anytime I had a problem I could always call on him.
It is with great pride that I call him my brother not only in this life but also as my brother in Christ.*

“ *I'm not calling my Uncle Morris fat, but he did have a little bit of a "crane operator's belly" back in the 80s. I once remember him joking around at Grandmother and Granddaddy's house that he considered himself skinny since he could still wear the same size pants as when he was in high school. He was always cutting up about something!*
