“ Our friendship was short but you were a great person to myself and my friends. Just knowing we won't be able to crack jokes or laugh about crazy things anymore is heartbreaking. You were light in your own way. My birthday was a blast and I'll never forget that night. That night you were yourself (even tho I had to break the ice) You worked all day in the sun and still made time to drive with sasha to Victoria to look at my car for me because it broke on my birthday and you knew all the things I had going on. Thank you for being you. You will be missed my friend. ❤️
