“ *I got to know Shirley through the Emmaus
Community, we were in the Tuesday's Angels
Reunion group for many years. We spent
many Tuesday afternoons laughing & crying,
or laughing until we cried, sharing the highs &
lows of our lives. I had lost touch with her in the past several years,
but I will always remember her as a beautiful soul shining brightly
wherever she went.
May she rest in peace with God's perpetual light shining upon her.*

“ My sweet Grandmother Besta, you were the best! You brought love and life to everything around you. You made every space you entered beautiful. You built a beautiful garden of a life and your flowers are the finest. You planted so many seeds that will continue to grow. I love your spunk. I have so much of you in me, and I love every time I recognize you in me. Your life was adventurous in every way. You sought to discover many thing and places, but none better than your search to know your Lord Jesus Christ. You are a beautiful child of God and I am happy that you are now home with him. I wish I had spent more time with you. I wish I got the chance to travel together with you. Spending the last two years learning more about your life has brought even more of you to me, and I am so very thankful for that. I have so much more to hold onto now. I will miss your advice and your thoughts on whatever it is we are noodling over. I will miss hearing you say Uff Da! I will take care of your beautiful daughter that you raised so well. I will love her for you while we are apart. I will raise my daughters to know you and bring your presence into our lives as much as I can. I will treasure every piece of art you made, but nothing will compare to how much I treasure you and getting to be your granddaughter. I love you Besta, love Meagan.
