Wendi Nicole Iverson Priesmeyer, known to most as Nicole, age 51, passed away peacefully on December 28, 2025. “ *I am so sorry to hear of Nicole's passing. Way back in 2006 she was Social Worker for Hospice in El Campo when my mother-in-law was passing out on Sandy Creek. I still remember her kindness and concern for her and the family. My heart aches for her children, her mother-in-law Doris, and all who knew and loved her. May God be with you all! Cathey Buchta*

“ *There are so few words that will capture the amazingly beautiful person that Nicole was. Her light, her smile, her wise and caring words, the way she cared for all of us who were so fortunate to be her people. I already miss her presence, but she will never be truly gone. The way she lived and loved with intention has left an impact that will never fade. My goodness, how lucky we are to have had her in our lives. She just had a way of making everything better. Love you so many, Nic, and I always will.*

“ My sweet sorority little sister, Nicole Iverson Priesmeyer, my Nickelbee.

Losing her still doesn't feel real. But I know without a doubt she is with Jesus now, wrapped in perfect peace, shining in a way only heaven allows.

Nicole loved in a way that felt rare. She loved deeply, fiercely, and without hesitation. Her hugs were never just hugs, she hugged with her soul. And that beautiful smile... it came straight from her heart and made you feel seen and safe all at once. If you knew Nicole, you loved her, and you probably loved the people she loved too. ..and they probably loved you back. That's just how big Nicole loved everyone, all the time. A forever, unconditional, "...so many" kind of love.

She had a way of pulling everyone together. Because of her, her friends became my friends and Ali (one of her dear friends) even became my roommate after college. We shared so many late nights, laughing, talking about everything and nothing, trying to fix the world, holding each other tight, and laughing even more. Those memories are such a gift.

Nicole was magnetic. I knew her in high school and always wished I'd gotten closer, but everyone loved her and she was always surrounded by her sweet friends. College at SWT gave us our time. We lived in the same dorm, and our friendship grew quickly into a sister-friendship I knew would last forever.

When she joined Alpha Xi Delta, my heart was so full. I was beyond proud to call her my little sister and to share our rituals, traditions, and forever sisterhood with her. Our sorority was better because of her, her kindness, her intelligence, her servant heart, and the way she quietly led by example. She worked hard, loved big, and showed up fully in everything she did. She always believed the best about everyone and made me want to be my best too. I'm a better friend, wife, mom, daughter, and sister because of the sweetness of my precious little sis.

Nickelbee, thank you for loving me the way you did. Thank you for always being the glue that held our AXiD family tight and for the wise words you always offered, at just the right time and just the

right way. Your wit and sense of humor brightened all our days, especially mine.

Thank you for your hugs, your joy, your faith, and your forever sister-friendship. I will celebrate you always, love and always pray for your three beautiful children fiercely, and carry December 28th as our day forever shared (with Becki too, ofc), an eternal reminder that love, your unending love will never leave us.

I hold onto the promise that this is not goodbye, just “see you later.” Until then, your light continues to shine through all of us who were blessed enough to love you and be loved by you. ...and I'm counting the butterflies, my precious Nickelbee. 💖 ✨ 🦋

This is such a beautiful treasure of memories & sums up Nicole perfectly! I had the pleasure of working with Nicole @ Gulf Coast Medical Center in Wharton...I loved listening to how she helped our patients—she genuinely cared for each of them! My daughter babysat Georgia, Cambrie & Carter & has treasured memories of that time! Nicole will definitely be missed but I can only imagine the happiness she has now with Jesus! 🕊

“ Nicole and I were sorority pledge sisters. She was my first real friend at SWT. I will never forget her beautiful contagious smile. We lost touch after graduation, but I was so thankful to get back in touch through social media. To her children, your mom was truly one of a kind. We are all better for knowing her. You are all in my thoughts and prayers.

“ I meet her when I was in a bad place in my own mind. She was asked to talk to me on the phone and see if I should be admitted into a hospital. After talking to me she said I didn't and she could help me. Boy did she do what she said. When I would get into the bad thoughts I would call her and she could make it all go away for a bit. The best thing was she did not put up with my crap she would call a spade a spade and tell me to quit talking or thinking what I was thinking. I was not built for easy going people and she was not easy going. Nicole would tell you like she saw it and that's why shy changed me. The best part of Nicole is when I was in that place I could dial her number and as soon as she said hello it would feel like someone just wrapped me in a thick warm blanket and my mind would just relax. I wish everyone could feel that just once but I got to feel it a lot. I told her that one time and we both started crying. She was my angle here and will be my angle up in heaven. I truly believe that. We love you ma'am
