

William David Jones

November 6, 1945 - April 28, 2026

With deep love and heavy hearts, we announce the passing of William David Jones, born on November 6, 1945, a devoted father, grandfather, spouse, and friend. He leaves behind a legacy rooted in compassion, service, and unwavering dedication to his family and community.

William was the beloved spouse of David Cleveland, and together they built a life grounded in love, partnership, and mutual support.

He was the proud father of four children: Daniel Jones Sr., Teagen Rose, Joey Jones, and James Michael Jones, each of whom carries forward his strength, values, and love. His role as a grandfather brought him immense joy, and he is lovingly remembered by his grandchildren: Christalyn Jones, Daniel Jones Jr., Devon Jones, Evelyn Gutierrez, Veronica Jones, and Michael Jones, who will forever cherish his guidance, warmth, and presence in their lives.

He honorably served his country in the United States Air Force during the Vietnam War, working in communications—a role that reflected his intelligence, discipline, and commitment to others.

Beyond his service, William was a co-founder of Casa de Esperanza de los Niños, an organization dedicated to providing hope and care to children in need. His work there reflected the very heart of who he was: compassionate,

selfless, and driven to make a difference in the lives of others.

He will be remembered as a loving and caring man—someone who showed up for his family, gave freely of himself, and left a lasting impression on everyone fortunate enough to know him. His kindness, strength, and quiet generosity will never be forgotten.

Though he is no longer with us, his legacy lives on in the family he cherished and the lives he touched. He will be deeply missed and forever remembered.

Private services will be held with the family.

“ My daughter (a former Casa kid) and I will always remember Bill with love. He was a visionary in co-founding Casa de Esperanza de los Ninos with Kathy Foster, offering abused and neglected children safety and love. And they offered parents the opportunity to place their children in care before the state removed them. The services the children received included health and psychological care, socialization, and all the comforts of a stable home. For those children who could not go back, they found adoptive parents. And they offered continuing help and education to adoptive parents.

“ *The legacy that Bill left by founding Casa de Esperanza with Kathy Foster will continue in the lives of the thousands of children that walked through the doors of Casa where they were given all the support they needed; medical, psychological, speech therapy, the first bed that many had never had before, enough to eat for the first time in their life, and love and safety and stability. Bill changed so many lives. Thank you, God, for the beautiful life of Bill Jones.*
