“ Billy, being my older brother was an example that me and my little brother Kenny followed. Sometimes what he did wasn't always right or perfect but soon we found out from Dad or Mom if what we were doing wasn't right but that was okay because we still looked up to our older brother. Through the years we would fight like brothers do but then we would also defend each other if someone came at us. We were close and we loved hunting and fishing and every time we would come down to the coast Billy and I would head down to the saltwater to breathe fresh air and enjoy some quality time together rebonding like we always did when we were kids. He was my number two fishing partner behind my wife Sonya, and that was okay with him because he knew that family always comes first. I know I will miss those days of traveling down to Texas to see my big brother and those wonderful fishing trips or just sitting out in his yard barbecuing but I know that one day we will also meet again and the kingdom of heaven. I love you Big brother and I will miss you.

“ Billy made me feel comfortable and welcome from the moment I met him. He was so sweet on my first trip to Texas and laughed at my expressions as I saw the gigantic bugs!! He has been the brother I always wanted and I will miss his FB posts, comments and pictures that he sent us! He was extremely proud of his children and grandchildren, beaming with joy every time he spoke of them. He loved comparing weather extremes between Texas and Minnesota with my husband James, his younger brother. It's still so hard to believe that he's gone, but without an ounce of doubt, I can say that he will NEVER be forgotten. Rest in peace, pain free my brother, until we meet again, Sonya
